SUBJECT: Establishment of a Group to Study DO's Technical and Security
Requirements in New Overseas Construction or Space Modifications

REFERENCE: Note for DDA From Executive Director Dated 14 October 1983,
same subject

1. The attached referent note tasks the Deputy Director of Administration to establish a group to study the Directorate for Operations' technical and security requirements in new overseas construction or space modifications, and to provide a written report and recommendations regarding the management and coordination of Agency activities in this regard. The undersigned has been named chairman of this group with the responsibility to establish the group and conduct the referenced study.

2. Accordingly, it is requested that you identify a representative from your office to participate as a member of this group. In view of the 1 December 1983 due date of the written report, your immediate attention to this matter is requested to allow this first meeting to be held on 26 October 1983 at 1 p.m. in Room 4E64, Headquarters Building. The undersigned can be reached by secure telephone extension [redacted] or black telephone extension [redacted]

Executive Director

NOTE FOR: ~~DDO~~

*Action changed to
DDA*

John:

Below is the IG's recommendation with regard to overseas office space requirements, as approved by the DDCI. Please assemble the study group and give me your recommendations through the DDA by late November.

"We recommend that the Executive Director direct the DDO, in consultation with the Director of Security, the Director of Technical Service, the Director of Communications, the Director of Logistics, and the Director of SIGINT Operations, to establish a group to study the DO's technical and security requirements in new overseas construction or space modifications. The group should provide a written report and recommendations by 1 December 1983 regarding the management and coordination of Agency activities in this regard--focused particularly on proposed future activities--and the representation of our needs to State/FBO."
